

Pomozimo porodici Osmanović !
Please help Osmanović Family !

Porodica Osmanović je romska porodica sa osmoro djece uzrasta od 5-15 godina, žive sa ocem u sarajevskom naselju Nedžarići u ulici Branislava Nušića 31. Njihova majka je umrla 2006. godine. Žive u devastiranoj i napuštenoj kući, bez prozora, struje i vode, a svaki dan očekuju deložaciju iz nje. Jedan dio djece pohađa nastavu, a ostali ne pohađaju jer su previše stidljivi da u prljavoj odjeći dolaze u školu.

Pokušalo se riješiti njihovo pitanje uz pomoć općine, Centra za socijalni rad i uz pomoć različitih organizacija i institucija. Ali sve ove institucije mogu samo obezbijediti hranu i finansijsku pomoć u iznosu od 350KM mjesečno, međutim, nisu u mogućnosti riješiti njihov najveći problem, a to je pitanje smještaja, i najvjerovatnije da od strane ovih institucija to pitanje nikad neće ni biti riješeno. Komšije im mjesečno pomažu dajući im za hranu i druge potrebe, ali to je samo kap u moru. Kao što možete pretpostaviti predrasude prema romskoj populaciji čini njihov položaj još težim, a vrijeme za njih ističe. Ono što je najhitnije je rješenje njihovog stambenog pitanje.

Pokrenuli smo akciju prikupljanja sredstava od kojih će se kupiti zemljište na periferiji Sarajeva i obezbijediti smještaj za ovu porodicu, također bi se pomoglo da se djeca integrišu ponovo u društvo i nastave svoje školovanje i put prema boljoj budućnosti. Do sada je prikupljeno 8.000KM, ali još uvijek smo na početku.

Osmanović Family is a Roma family of eight children, 5-15 years old, living with their father in Sarajevo (Nedžarići, Branislava Nušića 31) in a burnt and deserted house without proper windows, electricity or water. (Their mother passed away in 2006). They are expected to be evicted from that house any time. Some children attend the school but not all because some are too shy to go public in unclean clothes.

Attempts were made to solve their issue through the municipality, Centre for social care and a number of other organisations and institutions. All that these institutions can do is to provide some food and money (€180 Euros per month) but there is no chance that their main issue, housing problem, will be ever solved by any of those organisations. Some neighbours are also giving them a monthly allowance for food and their other needs but that is just a drop. As you can guess, the prejudice against Roma population makes their situation even worse and the time is running out for them. What is needed is the solution for their housing issue.

We have started a campaign to raise funds to purchase a piece of land on the outskirts of Sarajevo, and provide accommodation for this family. We will also help the children to integrate back into society and continue their education hoping for a better future. So far 8,000KM are collected, but we are still at the beginning.
